### **QUESTION 1021**

What is not a benefit of Cold Sites?

- A. No resource contention with other organization.
- B. Quick Recovery.
- C. Geographical location that is not affected by the same disaster.
- D. Low cost.

**Correct Answer: B**

### **QUESTION 1022**

What is the PRIMARY reason that reciprocal agreements between independent organizations for backup processing capability are seldom used?

- A. Lack of successful recoveries using reciprocal agreements.
- B. Legal liability of the host site in the event that the recovery fails.
- C. Dissimilar equipment used by disaster recovery organization members.
- D. Difficulty in enforcing the reciprocal agreement.

**Correct Answer: D**

### **QUESTION 1023**

Which of the following alternative business recovery strategies would be LEAST appropriate in a large database and on-line communications network environment where the critical business continuity period is 7 days?

- A. Hot site
- B. Warm site
- C. Duplicate information processing facilities
- D. Reciprocal agreement

**Correct Answer: D**

### **QUESTION 1024**

A contingency plan should address:

- A. Potential risks
- B. Residual risks
- C. Identified risks
- D. All of the above

## **[Download Full Version CISSP Exam Dumps\(Updated in Feb/2023\)](#)**

**Correct Answer: B**

### **QUESTION 1025**

Prior to a live disaster test, which of the following is most important?

- A. Restore all files in preparation for the test.
- B. Document expected findings.
