Statements If a user creates a file in Microsoft OneDrive on January 1, 2018, users will be able to access the file on January 15, 2020.	Yes	No O
If a user deletes a Microsoft OneDrive file that was created on January 1, 2018, an administrator will be able to recover the file on April 15, 2020.	0]	0
If a user deletes a Microsoft OneDrive file that was created on January 1, 2018, an administrator will be able to recover the file on	0	0

QUESTION 62

April 15, 2023.

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

You are deploying Microsoft Intune.

You successfully enroll Windows 10 devices in Intune.

When you try to enroll an iOS device in Intune, you get an error.

You need to ensure that you can enroll the iOS device in Intune.

Solution: You add your user account as a device enrollment manager.

Does this meet the goal?

A. Yes

B. No

Correct Answer: B

QUESTION 63

You have a Microsoft 365 subscription that uses a default domain named contoso.com.

You have two users named User 1 and User2.

From the Security & Compliance admin center, you add User1 to the ediscovery Manager role group.

From the Security & Compliance admin center, User1 creates a case named Case1

You need to ensure that User1 can add User2 as a case member. The solution must use the principle of least privilege.

To which role group should you add User2?

MS-101 Exam Dumps MS-101 PDF Dumps MS-101 VCE Dumps MS-101 Q&As https://www.ensurepass.com/MS-101.html

- A. eDiscovery Manager
- B. eDiscovery Administrator
- C. Security Administrator
- D. None of the above

Correct Answer: C

QUESTION 64

You have a Microsoft 365 tenant.
